Fall Bulbs and Hardy Plants

Fall 1927

FALL PLANTING IS DESIRABLE. With the coming of fall the hardy plants prepare for their winter's rest. Growth ceases, the plant becomes dormant and can then be safely moved to new positions. Practically all the spring-flowering perennials, hardy shrubs and bulbs should be transplanted now and so become established and ready to grow vigorously next spring. A very little effort and attention to planting now will mean vast enjoyment and pleasure in your garden next summer.

BULBS FOR SPRING FLOWERING must be planted in the fall and should be in the ground before hard frosts come. This will insure the best results.

IN YOUR GARDEN the Spring flowers will always be the most cherished of the year. Their first blossoms come while the last of the Winter snow is just melting and from then on till Summer their brilliant colors are a continual delight. By planting plenty of these inexpensive bulbs and hardy perennials now, you will be certain of garden pleasures next season. After freezing weather has set in, cover the bulbs and perennial plantings with straw or leaves several inches deep as a Winter protection.

IN YOUR HOME you can grow easily many bright flowers to cheer and comfort the household during the Winter. The bulbs are simple to handle for in each one is stored plant food and energy with which to develop the foliage and flower. Conditions for growth need only be favorable to have splendid results. Be sure to have some of these bright flowers in your house this Winter by starting the bulbs now.

FOR BEST SERVICE ORDER EARLY. Timely orders mean that you will be prepared when weather conditions are most favorable for planting and your orders can be filled when our own stock is complete in every variety.

Collection of Bulbs for House Culture

We offer these collections at reduced prices in order to induce the lovers of flowers in the home, who have not experienced the pleasure that they give, to try them.

As great a variety as possible of the kinds best suited to house culture will be found in these collections. No substitutions can be made.

COLLECTION NO. 1

Price \$3.00. Parcel Post prepaid, \$3.25. (Value over \$3.75 if purchased separately).

Contains: 6 first size Hyacinths, all different, 24 single Early Tulips in 4 colors, 6 Narcissus, two varieties, 2 Chinese Lilies, 38 bulbs in all.

COLLECTION NO. 2

Price \$5.00. Parcel Post prepaid, \$5.35. (Value over \$6.00 if purchased separately).

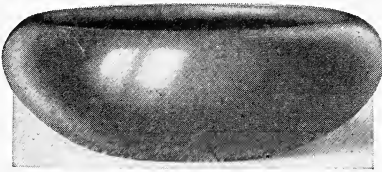

Contains: 12 first size Hyacinths, 36 single Early Tulips in 6 varieties, 12 Narcissus in 3 varieties, 3 Chinese Lilies, 63 bulbs in all.

COLLECTION NO. 3

Price \$10.00. Express or parcel-post prepaid, \$10.50. (Value over \$14.00 if purchased separately).

Contains: 12 Exhibition size Hyacinths in 12 varieties, 12 unnamed Hyacinths in 4 colors, 48 single early Tulips in 6 varieties, 24 double early Tulips in 4 varieties, 24 Narcissus and Daffodils in 3 varieties, 12 Freesias, 24 Crocus, all colors, 4 Chinese Sacred Lilies. Total, 160 bulbs.

Bulb Bowls

Muskota

Mastique

These bowls are especially adapted for growing such bulbs as Chinese Lilies, Paper-White Narcissus and Hyacinths. Most bulb bowls offered are too shallow. These are deep enough for the largest bulbs and insure against the plant falling over when grown up. They are suited for planting bulbs in water with pebbles or the bulb fibre.

MUSKOTA BOWL. Colors, green, blue and old rose, in high luster glazed finish. This is of the best grade of pottery, and they are fine for holding cut flowers when not in use for bulbs.

5-inch opening, 90c each; \$1.00 each, postpaid.
6-inch opening, \$1.35 each; \$1.50 each, postpaid.
7-inch opening, \$1.75 each; \$1.95 each, postpaid.

MOTHER OF PEARL CHIPS. For use in bowls or aquariums. These chips are about the size of small seashore pebbles which they resemble. They have a bright iridescent lustre, which makes them very attractive, particularly for bulb bowls.

1-pound package, 20c each; 25c each, postpaid. 5 pounds, 75c. Parcel Post extra.

"RAINBOW" PEARL CHIPS. These are pearl chips that have been stained in many colors. They are very pretty particularly in glass bowls when their iridescence is displayed at its best.

1 pound package, 25c, 30c each postpaid. 5 pounds, \$1.00, Parcel Post extra.

BULB FIBRE. The growing of bulbs indoors is a source of great pleasure during the Winter months. Bulb Fibre will be found a great aid and a simple way to grow bulbs. It is scientifically prepared, containing several ingredients in the proper proportions best suited to bulb culture. It is clean and odorless and yet contains plant food such as bulbs need. Should be kept moist and treated like soil. Quart, 20c; half peck, 70c; peck, \$1.25. Mail or express extra.

MASTIQUE BOWL. The design and soft color effect of pale yellow and blue on grey body is very pleasing, and suggestive of old Egyptian pottery.

5-inch opening, 70c each; 80c each, postpaid.
6-inch opening, 90c each; \$1.00 each, postpaid.
7-inch opening, \$1.20 each; \$1.35 each, postpaid.
8-inch opening, \$1.50 each; \$1.65 each, postpaid.

Our bulbs are of the best that Holland produces

Single Early Tulips

OUTDOOR PLANTING. Any good garden soil prepared by spading to a depth of 10 to 12 inches is suitable. Plant the bulbs five inches apart for mass effect and about four inches deep. The bulbs should all be planted at an equal depth if they are desired to bloom at the same time. Raise the bed several inches above the lawn or walk to encourage drainage. Firm the soil well about the bulbs and mulch the beds with leaves or straw before severe cold sets in.

HOUSE CULTURE. Plant six or more bulbs in a pot. Set in a cool dark place for a period of six to ten weeks, to allow roots to develop. They can then be brought into the light for flowering. (Follow same instructions as for Hyacinths.)

NOTE. The approximate height in inches is indicated by a figure, following the variety name.

RED SHADES

	Doz.	100

 Total value, \$8.25, 156 fine early Tulips for \$7.00, parcel post prepaid.

Keizerkroon

Try planting Early Tulips in the foreground of shrub beds.

Late or May-Flowering Tulips

May-flowering Tulips include many species and blooms, usually two to three weeks later than the early-flowering type.

They are wonderful flowers and make a most gorgeous showing in the garden or border, the large cup-shaped blooms on tall, erect stems surpassing in color effect any other flowers. As they come into bloom before the shrubs and other hardy plants are fully leaved out or are in blossom, these Tulips are most valuable and desirable.

The Darwins are the best known and the more popular of the late-flowering group, with many varieties of intense color. They vary from deep violet-black, purple, crimson and scarlet, salmon, rose-pink to the faintest lilac, with innumerable intermediate shades.

NOTE. The approximate height in inches is indicated by the figures following the variety name.

Darwin Tulips

	Per Doz.	100
Afterglow, 28. Deep rose with salmon and orange shadings. A most beautiful combination suggestive of the tones in a highly colored peach.	\$2.00	\$15.00

H. & O. Special Mixture of Darwin Tulips

This is a special mixture made up for us by the largest grower of Darwin Tulips in Holland, and is composed of a great variety of first class kinds. 50c per dozen; \$4.00 per 100.

Note: Add 5c per dozen for Tulips if to be sent by Parcel Post

DARWIN TULIP COLLECTION—COLLECTION NO. 6

This collection of Darwin Tulips has grown in popularity each succeeding season, and many of our customers reorder this regularly. This collection has previously contained 50 bulbs, but this year we add 10 more bulbs or a total of 60.

3 bulbs each of 20 different kinds for \$3.00

Parcel Post prepaid.

Bartigon Tulips grown in pot

Darwin Tulips can be left in the ground after blooming.

Cottage Tulips

These beautiful Tulips are quite similar to the Darwins. In height and habit of growth they are alike, but vary considerably in the shape of the flowers, some of which are globular, others pointed and some with reflexing petals. Many are sweet scented, and the range of color and shades comprises every imaginable tint. In the following list, we offer some of the best and leading varieties:

	Doz.	100
Avis Kennicott, 25. Deep chrome yellow with deep black base. Very striking.	\$2.00	\$15.00
Bouton d'Orr, 18. Deep golden yellow. Medium size.	.65	5.00
Caledonia, 20. Orange-scarlet. Large flowers.	.65	5.00
Crested Crown, 20. Red, striped yellow. Petals crested.	1.00	8.00
Diamond, 24. (New) Large, satiny rose flower with white base.	2.00	15.00
Elegans Rubra, 25. Brilliant crimson, yellow center with reflexing petals.	.75	6.00
Ellen Willmott, 18. Soft canary yellow, fragrant.	.65	5.00
Fairy Queen, 20. A combination of rose and amber, a most pleasing color effect.	1.00	8.00
Gala Beauty, 20. Golden yellow, finely striped and blotched with crimson.	1.00	8.00
Gesneriana Lutea, 22. Fine deep yellow, a flower of perfect form and size.	.65	5.00
Gesneriana Major, 24. Rich crimson-scarlet with blue base.	.65	5.00
Golden Crown, 16. Soft yellow, edged crimson.	.65	5.00
Inglescombe Yellow, 18. (Called the Yellow Darwin). Soft golden yellow.	.75	6.00
Isabella, 14. Deep rose, suffused silvery white.	.75	6.00
Kaufmanniana, 10. (Botanical Tulip). Large, creamy white flower marked with carmine, center yellow. Opens flat, blooms early.	2.50	20.00
La Merveille, 20. Orange scarlet with a rose flush. Large exquisite flower.	1.00	8.00
Moonlight, 12. Soft luminous canary yellow. Tips of petals reflexed.	.90	7.00
Mrs. Moon, 25. Rich golden yellow, pointed petals.	.90	7.00
Picotee, 20. White, petals margined deep rose.	.65	5.00
Scarlet Emperor, 24. Brilliant glowing scarlet, center yellow. Very large flower.	1.50	11.00
Scarlet Mammoth, 14. Glowing scarlet. Very large.	1.50	12.00
Sirene, 20. Brilliant rose-pink, margins of petals lighter. This is a hybrid from the Retoflexa type and in form resembles a beautiful pink Lily.	1.50	11.00
The Fawn, 20. Pale rosy fawn, changing to cream. Large egg shaped flower.	.85	6.50
Viridiflora, 16. The green Tulip, pale green edged light yellow.	.75	6.00
Walter T. Ware, 18. (New) Deep rich golden yellow. Beautiful large flower. The very best Tulip in its color.	4.00	30.00

H. & O. SPECIAL MIXTURE OF COTTAGE TULIPS

Made up especially for us by the largest grower in Holland. Many fine kinds. \$0.60 \$4.50
NOTE: ADD 5c PER DOZEN FOR TULIPS IF TO BE SENT BY PARCEL POST.

Breeder Tulips

Among these are some of the original or mother Tulips, from which a great many of the newer types have been bred.

They are very robust in habit of growth, the flowers oval shaped and the colorings are usually blended into rich satiny shadings of yellow, gold, bronze, reds and varying shades of purple, violet and blue, producing a most pleasing effect.

Louis XIV

Sirene, Lily Type Tulip

	Doz.	Per 100
Apricot, 25. Light bronze overlaid with old rose. Large, well formed flower.	\$2.00	\$15.00

H. & O. SPECIAL MIXTURE OF BREEDER TULIPS

Many fine kinds. .75 5.50

Plant plenty of bulbs for early Spring flowers in the garden.

Double Tulips

Double Tulips

The double Tulips are especially desirable for outdoor planting and bedding. The large peony-like blossoms are highly ornamental, coming into bloom a little later than the early varieties of single Tulips and before the Darwins. The flowers last a long time and make a grand display when planted in groups or beds.

The same cultural directions apply to double Tulips as to the early single varieties.

Bizard and By-Bloom Tulips (Old Dutch)

It is not difficult to grow bulbs indoors—Ask us.

Marconi—Deep Rose Pink

Holm & Olson Hyacinths

INDOOR CULTURE, IN POTS. Growing Hyacinths indoors is a very simple matter. The pleasure derived in watching the development and the pleasure of cheerful, sweetly perfumed flowers during the Winter days, is ample reward for the slight effort.

Use good rich soil. Place some pieces of porous material such as broken flower pots in the bottom so as to insure drainage. Fill in enough soil so as to cover the top after being well firmed. Use 4- to 5-inch pots for the larger bulbs when planted singly. A number of the small bulbs planted in a $\frac{1}{2}$ or $\frac{3}{4}$ height pot is very satisfactory. After potting they should be thoroughly watered and then placed in a cool, dark place (preferably a vegetable cellar) for a period of six to ten weeks. This develops the roots.

To ascertain the right time to bring into light, tip the pot upside down, tapping gently so as to lift pot off soil. If several of the white roots show it is then safe to bring them into light. Better results are secured by growing them as cool as possible.

OUTDOOR CULTURE. Plant the bulbs uniformly about 6 inches deep. Doing so carefully will insure them blooming evenly. When planting a larger bed, the best plan is to remove about 4 inches of soil, firm bulbs in place about 6 inches apart each way, and cover them firmly.

PINK, RED AND ROSE SHADES

Cardinal Wiseman. Fine deep rose.
Garibaldi. Bright carmine. Early.
General De Wet. Rose. Extra large truss.
Gertrude. Rose pink. Fine variety.
Gigantea. Soft shell pink.
Lady Derby. Soft rose pink. Fine.
La Victoire. Brilliant rosy pink.
Marconi. Beautiful deep rosy pink.
Queen of the Pinks. Delicate silvery pink.
Roi des Belges. Bright scarlet.

BLUE AND VIOLET SHADES

Bismarck. Sky blue. Early.
Enchantress. Light blue.
Grand Maitre. Deep porcelain blue.
King of the Blues. Intense violet blue.
Lord Balfour. Purplish violet.
Lord Derby. Porcelain blue.
Myosotis. Light blue. Fine large spike.
Queen of the Blues. Light blue.
Queen of Violets. Rich violet.

WHITE

Arentine Arendsi. Large bells, pure white.
Christmas White. Pure white. Early.
La Grandesse. Pure white. Large truss.
L'Innocense. Tall, fine spike.
Queen of Whites. Finest white. Late.
White Lady. Large compact spike.

YELLOW

City of Haarlem. Pure Yellow. Large spike.
King of the Yellows. Canary yellow.
Yellow Hammer. Pure yellow. Early.

PRICES OF NAMED HYACINTHS

We offer two sizes of bulbs, in named varieties. The Exhibition Size are the largest extra select bulbs. The First Size are large bulbs of the highest quality.

Exhibition Size. 25c each; \$2.50 per doz. Add 20c per doz., if to be sent by parcel post.

First Size. 20c each; \$2.00 per doz. Add 15c per doz., if to be sent by parcel post.

Hyacinth Collections

At the request of many of our customers for collections, we offer one each of the above twenty-eight named varieties in the two sizes as follows:

COLLECTION NO. 10. One each of the twenty-eight Exhibition Size Hyacinths named above for \$5.50. Parcel Post prepaid.

COLLECTION NO. 11. One each of the twenty-eight named varieties in the First Size Bulbs for \$4.00. Parcel Post prepaid.

Unnamed Hyacinths

We offer these to our customers who desire only good flowers and are not particular as to the named variety. These are First Size bulbs and will produce fine flower spikes.

Deep Pink and Red, Pink, White, Dark Blue, Light Blue, Yellow, Mauve and Violet Shades, 15c each; \$1.50 per doz. Add 15c per doz. if to be sent by parcel post.

MIXED HYACINTHS. 12c each; \$1.25 per doz. Add 15c per dozen if to be sent by parcel post.

DOUBLE FLOWERED DUTCH HYACINTHS

The bells or flowers of these have a double row of petals, quite distinct from the ordinary kind.

Koh-i-Noor. Light pink.

President Roosevelt. Deep rose-pink.

La Tour D'Auvergne. Pure white.

25c each; \$2.50 per dozen. Add 15c per dozen if to be sent by parcel post.

Blocksbury. Porcelain blue.

Sunflower.

Exhibition size only.

French Roman Hyacinths

Beautiful, pure white flowers. Large bulbs 20c each; \$2.00 per dozen. Postage 10c per dozen extra.

You can have flowers from potted bulbs all winter long.

Large Trumpet Daffodils

Narcissi or Daffodils

The Federal Horticultural Board's embargo on Narcissus and Daffodils has now been in effect for over a year, and none of these valuable bulbs are admitted except on special permits for new and rare kinds, and all Narcissus bulbs now offered must have been grown in this country.

For several years experiments have been made in many sections of the country in growing Narcissi in commercial quantities with the purpose of ascertaining where the best results might be had, the main object being to secure the best flower development.

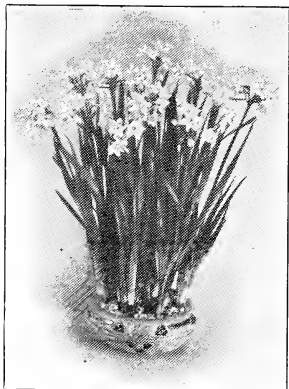

While no outstanding superiority in this respect has developed, some excellent bulbs have been produced and we have secured some of the best of these although only a limited number of varieties, but which have proved to be best adapted for growing here.

Narcissi are among the first spring flowers that greet us and they are most welcome. The pleasure experienced seeing the first flowers expand is easily worth the small outlay and effort required to plant them in the fall.

They will thrive in almost any location, doing well in sunny or shady places and it matters little if wet or dry. They continue to bloom year after year increasing in size and effectiveness.

They are valuable for planting in the perennial border or among the shrubbery where they may be left undisturbed from year to year.

For growing indoors treat the same as Tulips, planting them in pots, but should be given more time to developing roots before being brought into the house. The proper time to do is when a number of the white roots show through the soil when tipped out of pot.

Paper White Narcissi Grown in Bowl

VICTORIA. (Bi-color). Large golden yellow trumpet; pure white perianth. Large bulbs..... .15 1.50 12.00

We list here the most popular varieties of Narcissi in the largest size bulbs procurable.

	Each	Doz.	100
--	------	------	-----

ASPACIA. Poetaz or Cluster variety. Five or six flowers on tall stem. White with large bright yellow eye or cup. Large bulbs.....	\$0.15	\$1.50	\$12.00

SIR WATKIN. Large, deep yellow cup; deep primrose perianth. Large flowers on tall stems Large bulbs.....	.15	1.50	12.00
VAN WAVEREN'S GIANT A giant flower, the largest Narcissus and a most beautiful flower. Perianth light primrose; trumpet pure golden yellow. Large bulbs.....	.60	6.00	45.00

VON ZION. The double Daffodil. Large, full golden yellow flowers. Large bulbs.....	.15	1.50	12.00
---	-----	------	-------

Add 15c per doz. for all Narcissi if to be sent by parcel post.

Polyanthus Narcissi

Not suited for outdoor planting in the north; desirable for indoor culture only.

The bulbs we offer are from the largest plantation of these bulbs in this country, where extensive experiments have been made as to their flowering qualities. The bulbs produce fully as fine flowers as those imported from France but do not flower quite as early.

	Each	Doz.
GRAND SOLEIL d'OR. Large clusters of deep golden yellow flowers, strongly fragrant. Large bulbs.....	\$0.35	\$3.00
PAPER-WHITE (The French Narcissus). Pure white. Very desirable for growing in bowls of water and pebbles. Somewhat similar to the Chinese Sacred Lily. Large bulbs.....	.10	1.00

Add 15c per doz. for all Narcissi if to be sent by parcel post.

Will you have bright, golden daffodils in your garden next Spring?

Chinese Sacred Lilies

The bulbs of these popular flowers were formerly imported from China, but due to the Federal Horticultural Board's Embargo on all Narcissus, experiments have been made in growing them in various localities in this country.

Last year we offered and recommended bulbs grown in California, which proved highly satisfactory, even more so than those formerly imported. We offer bulbs from the same growers this year and can again recommend them for their satisfactory blooming qualities.

These bulbs may be planted in soil, but are preferably grown in bowls of water, with pebbles to firm and hold them upright. Each bulb sends up from four to eight stems, producing great clusters of large wax-like blossoms, with orange centers. Some blooms are single, others double, but all equally beautiful.

Largest size bulbs 25c each, \$2.75 per dozen.

Add 20c per dozen if to be sent by parcel post.

Lilies

These should be potted firmly in good rich soil and placed in a cellar or cool dark place until the roots show when the soil is tipped out of pot. They may then be placed in a warm light place when they will start and continue to grow and bloom.

	Each	Doz.
Lilium Harrisii. The Bermuda Easter Lily. Early, large bulbs.....	\$0.35	\$3.50
Lilium Giganteum. The Japan Easter Lily. Large bulbs.....	.35	3.50
Lilium Candidum —The Madonna Lily. This is one of the most satisfactory of our garden Lilies. They should be planted as soon as the new bulbs arrive from France. Large bulbs.....	.30	3.50
Extra large, giant bulbs.....	.50	5.00

Calla Lilies

	Each	Doz.
Aethiopica. The largest flowering white variety. Large roots, dormant.....	\$0.35	\$4.00
Little Gem. A smaller variety, but blooms very freely. Strong roots, dormant.....	.30	3.00
Elliottiana (The Yellow Calla). Strong dormant roots.....	.60	6.00

Chinese Sacred Lily

Crocus

These bright, cheerful flowers are earliest of all to bloom. They are often in bloom before the snow is gone. A few dotted about in clusters in the lawn is a most pleasing view from indoors.

The colors come in bright golden yellows, deep blue to light blue, striped and pure white.

Plant them anywhere. The simplest way is to take a sharp trowel and raise sod enough to drop bulb in place. Do not plant too deep, one inch, not to exceed two inches is best. H. & O. Mixed Crocus. 25c per dozen; \$1.75 per 100; \$16.50 per 1000.

Extra Large Named Varieties

They may also be grown in pots indoors. Treat same as Tulips or Hyacinths.

	Doz.	100
ALBION. Large deep purple.....	\$0.40	\$3.00
KING OF THE BLUES. Large sky blue.....	.40	3.00
QUEEN VICTORIA. Large pure white.....	.40	3.00
YELLOW MAMMOTH. Large deep golden yellow.....	.40	3.00

Freeseias

These dainty, spicy, sweet-scented blossoms can easily be had in bloom at Christmas if planted early. They are only suited for pot culture as they are not hardy. Plant a number of bulbs to the pot and keep in a cool place such as a vegetable cellar until the roots show through the soil when tipped out of pot. After bringing into light they should be kept in as low a temperature as possible to get best results.

Mrs. Marc Peters. Rosy salmon flowers with orange blotch in throat. Large bulbs. \$1.00 per dozen.

Rainbow Freeseias. Yellow, blue, pink, lavender shades. 80c per doz.; \$6.00 per 100. Parcel post prepaid.

Crocus

Purity. Pure white. Giant bulbs. 90c per doz.; large bulbs, 50c per doz. Parcel Post, free.
California. Rich deep yellow. Large bulbs. 90c per dozen.
General Pershing. Fine strong growing, large flowers of lavender-pink with yellow throat. Large bulbs. 90c per doz.

Miscellaneous Bulbs

	Doz.	100
CHIONODOXAS. Charming bright blue flowers, blooming as soon as snow is off the ground.....	\$0.40	\$3.00
ERANTHIS (Winter Aconite). Brilliant yellow flowers, blooming very early.....	.30	2.00
FRITILLARIA IMPERIALIS (Crown Imperials). Immense, deep red flowers on tall stems. Large bulbs. 40c each.....	4.00	
FRITILLARIAS. Mixed. Only the best types in many colors. Large bulbs. 35c each.....	2.50	
IXIAS. A fine mixture of these bright, long-stemmed flowers. Only suited to indoor culture.....	.40	3.00
MUSCARI HYACINTHS. A pretty early-blooming flower. Extra strong bulbs.....	.50	3.50
OXALIS (Buttercup). Fine large yellow flowers. Strong bulbs.....	.50	
OXALIS, DUCHESS. Pink flowers. Strong bulbs.....	.40	
SCILLA NUTANS (English Blue Bell). Strong bulbs.....	.40	3.50
SCILLA SIBIRICA. Bright blue, star shaped flowers produced very freely.....	.50	3.50
SNOWDROPS. These popular little white flowers come peeping out of the ground just as soon as the snow is gone. Largest bulbs.....	.35	2.50

Freeseias

Flowering Shrubs

For Fall Planting

A few well-placed flowering shrubs will add lasting beauty and attractiveness to the home grounds at a very moderate cost. Ask our LANDSCAPE DEPARTMENT to suggest "where" and "what" to plant to get the best results on your own grounds.

There is a real advantage to planting the hardier shrubs in the Fall so that they can become established before Winter. The varieties listed, selected carefully from our large general stock, are recommended for Fall planting.

Specimen Shrubs of larger size than the average can be supplied in nearly every variety. Prices for these older plants run from \$1.50 to \$5.00 each.

More complete descriptions will be found in our large catalog "CREATING YOUR LANDSCAPE"—sent on request.

HYDRANGEA, Snowhill —Showy flowers all summer.		Each
18 to 24 in.....	\$.80	2 to 3 ft.....\$1.00

Perennial Flowers

Hardy Plants for Fall Planting

Enjoy a garden of hardy, old fashioned flowers in your yard. Plant them in beds, in borders or in the foreground of shrubbery groups. Such varieties as are listed here are selections of the hardiest sorts and can be advantageously planted in the Fall—preferably early Fall. After the ground has frozen a covering of straw or hay, several inches deep, should be spread over the new plantings as a Winter protection.

PRICES. Unless otherwise noted, 1 yr., 35c each; Strong 2 yr. plants, 50c each.

Plants priced at 35c each, are \$3.00 per 10; 40c each, \$3.50 per 10; 50c each, \$4.50 per 10.

NOTE—Our perennial stock is of the best quality and we take special care in digging and packing orders. Because of the perishable nature of such material we cannot assume any responsibility as to the future outcome of any plantings. All orders are accepted on these conditions.

For complete lists of plants and full descriptions, see our large catalog "CREATING YOUR LANDSCAPE"—sent on request.

The Best Blue-Flowering Perennial
(Hardy Larkspur Delphinium.)

- ACHILLEA** (Milfoil). Double, pure white flowers.
ACONITUM (Monkshood). Spikes of deep blue flowers. Very hardy. 40c; 2-yr., 60c.
ALASKA DAISY. White and yellow daisy.
ANTHEMIS, Ketwayi. Hardy yellow daisy.
AQUILEGIA, Chrysanth. Golden Columbine.
 —*Canadensis*. Canada Columbine. Red and yellow.
 —*Hybrids*. Long spurred flowers of many colors.
ARABIS (Rock Cross). Early White Border plant.
ASTER, Hardy. (New England Aster). White, pink or purple. Aster. Very showy in late fall.
ASTILBE (Spiraea). White or pink flowers in feathery spikes 40c; 2-yr., 60c.
BABY'S BREATH (Gypsophila). Delicate white.
BLEEDING HEART. Each, 60c; 2-yr., \$1.00.
BOCCONIA. Plumes of tall, creamy white.
BOLTONIA. Tall Fall Daisy. White.
BUTTER CUP (Ranunculus). Double yellow flowers.
CAMPANULA (Harebell). Bell-shaped blue flowers.
CENTAUREA. Blue perennial Cornflower.
COREOPSIS. Golden yellow Tickseed.
DELPHINIUM (Larkspur).
 —*Chinese*. White or blue. Finely cut foliage.
 —*Belladonna*. Turquoise-blue Larkspur.
 —*Bellamosa*. Tall, dark blue Larkspur.
 —*Hybrids*. Attractive blue varieties.
DIANTHUS. Dwarf, hardy Pinks.
DICENTRA. Plumy or dwarf Bleeding Heart.
FERNS. Hardy varieties. 40c each; 2-yr., 60c.
FILIPENDULA (Meadow Sweet). Tufted fern-leaved plant with white or pink flowers in July.
FUNKIA, *Caerulea*. Blue Plantain Lily. Splendid for edging beds. 25c; 2-yr., 40c.
 —*Variegata*. Broad waxy leaves, marked with white. 30c; 2-yr., 40c.
GAILLARDIA (Blanket Flower). Rich red and yellow. A great cut flower.
HEMEROCALLIS, *Flava*. Lemon Day-Lily.
 —*Fulva*. Orange Day-Lily.
 —*Thunbergi*. Late blooming Lily. Yellow.
HEUCHERA (Coral Bells). Dainty coral pink and red bell-shaped flowers. Fine for cutting. 50c; 2-yr., 75c.
IRIS. See special lists, page 13.
LINUM. Blue Flax. Blooms all summer.

LILY-OF-THE-VALLEY. Splendid cut-flower. Grows in partial shade. 25c; 2-yr., 40c.

LYTHRUM (Loosestrife). Bright rose flower spikes.

LYCHNIS (London Pride). Brilliant orange-scarlet.

MERTENSIA (Blue Bells). Light blue flowers in bloom with the Tulips. Very showy.

PEONIES. See special lists, page 14.

PHLOX. See special lists, page 11.

PLATYCODON, *Album*. White Bell-flower.

—*Grandiflorum*. Deep blue Bell-flower.

POPPY, *Oriental*. Large, showy scarlet Poppies. Must be Fall-planted.

PYRETHRUM (Persian Daisy). Many colors mixed.

—*Uliginosum*. Tall Ox-eye Daisy. White.

—*Acre*. Dwarf, golden Spring-flowering plant.

SHASTA DAISY. Fine cut-flower Daisy.

STATICE (Sea Lavender). Dainty, light blue flowers.

TROLIUS. Yellow Globe flower. 50c.

VALERIANA. Hardy garden heliotrope. Fragrant gray-pink flowers.

VERONICA (Speedwell). Spikes of blue flowers.

—*Virginica*. White-flowering Speedwell.

VIOLA. Hardy, tufted blue Pansies.

Grounds of Mr. Chas. E. Dunsheath—Minneapolis

Our Perennials are Strong, Field-Grown Plants

BEAUTIFUL IRIS**(Fleur-de-Lis)****(THE HARDY ORCHID)**

For cutting use, as house and table decorations, the Fleur-de-Lis is highly desirable. Stalks of flowers, cut when in bud, often last a week indoors.

PLANTING. Fall is the ideal planting season for Iris. Set the roots only deep enough to have them covered with soil and avoid any fresh manure as a fertilizer. A mulch of hay or straw spread over the new plantings after the ground has frozen is a good Winter protection. Almost any situation with good sunlight and fair soil will prove satisfactory.

PRICES. The 1-year plants are strong, thrifty roots; the 2-year stock is heavier and will produce results more quickly.

Quantity Rate. Ten or more of a variety will be supplied for 5c less per plant. Example, plants priced at 35c each are \$3.00 for ten.

NOTE. In the descriptions "S" or "Standards" refer to the three upright petals. The letter "F" or "Falls" refers to the three drooping or lower petals.

Iris planted this Fall should bloom for you next Spring

GORGEOUS PEONIES

The Flower of the Great Northwest

A few choice plants of PEONIES will fill your garden with color and fragrance from late May through June. Even the rose cannot excel in beauty and charm the flowers of the modern Peony. Here, under our northern conditions, it is peer of all flowers in combining so well the qualities of absolute hardiness, great color variation, size, beauty and fragrance of bloom.

PLANTING. The roots should be set with the "eyes" 2 to 3 inches below the surface and the soil tightly packed about them. Allow a spacing of about 3 feet between the plants.

The soil should be of good substance and the location free of tree roots and dense shade. Bone meal is preferred as a fertilizer. A light covering of straw, after the ground has frozen is desirable.

NOTE: The figures directly following the variety name denote the comparative rating given by votes of the American Peony Society in 1925. The valuation is on a scale of 10 as the perfect score. Any variety given a rating of 7.0 and over can be considered as highly desirable. We list only those sorts suitable to our northern conditions and that have proven their value as producers under ordinary garden culture.

QUALITY. The "roots" are substantial plants with 3 to 5 strong eyes. The "clumps" vary in size but are the 2- to 4-year old stock. These older plants are desirable when immediate flowering results are wanted.

The Peony combines beauty and fragrance

White Peonies

	Roots Each	Clumps Each		Roots Clumps Each Each
